

17TH ANNUAL COOKOFF VENDORS

ABOUT PAELLA LOVERS UNITED

Paella Lovers United began in 2003 as an intimate paella contest in a private backyard with just eight competing teams. Since that time, and with the help of scores of people, the event has grown exponentially to over 30 participating teams and a sell-out crowd of nearly one thousand guests each year, who travel from all over the world to attend.

In addition to featuring competition paellas cooked in the traditional method over open fires, the event includes regional vendors who provide exhibition paellas, tapas, beverages, and locally-made goods. The Paella Lovin' community in Austin continues to expand and looks forward to paella season each year.
